## THE MANTA TRUST MARINE BIOLOGY CENTRE

**The Manta Trust mission is to advance conservation of manta rays and their habitat through science, research, raising awareness and influencing conservation by providing education.**

Guests can take part in workshops and trips run by Vilamendhoo resident marine biologist. Our team is here to share our passion for and knowledge of the marine environment with you and hope that guests will understand how to help conserve the natural beauty of the coral reefs.

The Maldives has the world's largest known population of reef manta rays.
